

IMS SAFESEAL™ Premium Tool Steel Protectant

For *SHORT* or *LONG TERM* mold storage (12 months or more)

Can be used on molds up to 350°F (speeds change-over time)

- ★ **Quick, Easy Removal** saves money.
- ★ **Foaming/Spreading Action** ensures coverage of even the smallest, hidden areas
(One 11 oz. can will cover approximately 31 sq. ft. when applied between .01" and .015" thickness.)
- ★ **Grass Green Color** lets you see when the mold is covered — and when it's clear.

IMS SAFESEAL™ is a unique material blending a polymer into a vegetable-based oil to provide long-lasting, heavy duty rust prevention in a non-toxic formula. It protects the most finely polished mold finishes, preventing downtime and mold refinishing expenses. SAFESEAL'S green coloring lets workers see what surfaces are covered and what aren't. Nothing gets missed, and nothing gets oversprayed. SAFESEAL'S foaming action helps spread the material evenly - for total mold protection.

The base material in SAFESEAL™ is safe for application at temperatures as high as 350°F, so the mold does not have to be cooled before application (when there are no sources of ignition present.) Mold changeovers are quicker and more profitable.

SAFESEAL™ is easily removed without solvents - simply wipe with dry paper towels or cloths, then allow the startup shots to finish the job - saving money in downtime and mold cleaner expense.

ONLY FROM IMS

- Formula is compatible with all common mold steels and polymers
- Meets or exceeds 72 hour ASTM B-117 specifications for corrosion protection

Item #	Quantity (packaged 12 cans per case)	Prices per can
SAFESEAL™ Premium Tool Steel Protectant		
124644 (11 oz. fill)	1-71	\$5.80 each
	72-143 (save 5%)	5.51 each
	144-863 (save 10%)	5.22 each
	864-2303 (save 15%)	4.93 each
	2304 or more (save 20%)	4.64 each

IMS CLEAR COAT³ Rust Preventive Spray

For overnight and short-term use — tested at more than 4 months*

Forms a clear barrier against rust — like Clear Coat always has — but now also:

- *Displaces moisture***
- *Chemically prevents rust**

- ★ Developed for Injection Molds. Great for any metal surface.
- ★ “Dry” — does not penetrate into pins and bushings. Won't bleed out.
- ★ Stays soft and buttery — does not get waxy.
- ★ Easily removed by wiping or startup shots.

There's nothing else like it!

- NO chlorinated solvents
- NO TCE
-
- LOW ODOR
-
- LOW COST

Replaces #112093

Item #	Quantity (packaged 12 cans per case)	Prices per can
Clear Coat³ Rust Preventive Spray		
137083 (11 oz. fill)	1-71	\$3.70 each
	72-143 (save 5%)	3.52 each
	144 or more (save 10%)	3.33 each

- * Tested to ASTM D-1748 Rust Prevention specs
- ** Tested to Mil-C-16173E Fingerprint Suppression specs
