

Parker X-treme High Heat Industrial Hose

Perfect for Water Circulation applications up to 350° F

- Operate at temperatures up to 350° F instead of 212° F that standard hose allows
- Available in multiple sizes to match your operations
- Durable construction to last longer - less down time
- Very flexible to weave around and through obstructions

NOTE: Not intended for use with oil

Specifications and Prices						
Item	Size	Inside Diameter	Outside Diameter	Burst PSI Pressure	Weight Lbs/100'	Price per Foot
141781	1/4"	0.25" (6 mm)	0.526" (13 mm)	250	10.11	\$2.85

Hose and Plastic Pipe Cutters

Use these to safely make clean square cuts on hose and plastic pipe.

- NEW spring loaded and locking option
- Tough injection molded nylon handles
- Replaceable blade, A-2 steel (coated with PTFE) (stainless steel standard on 113265)
- Weight: 4 oz.

CAUTION: Do not attempt to cut anything harder than plastic with these cutters.
