#134006 With OEM Style Hopper Inquire

Individual Components

let you avoid the compromises of competing dryer/hopper/loader assemblies

AN IDEAL SET-UP

would include a closed loop dryer, two or more mobile hoppers and a small or hopperless "on demand" loader. As one hopper feeds machine, another can be filled and dried. Color or material changes can be prepared in advance and wheeled into position for quick, easy change-over. All cleanup and maintenance work on hoppers can be done without interfering with production.

OPTIONAL ADD-ON AIR TAKE-OFF COMPONENTS

(Bolts to bottom of slide gate)
